Forty of the fifty-eight teachers employed in the public schools in Iron county attended the State Teachers' Association in St. Louis last week. Superintendent Hanson informs us that the attendance of teachers from Iron county was greater in proportion than that of any county in the state.

Mr. and Mrs. Garland S. Brickey are domiciled at "The Nest," Arcadia, one of the residences owned by Mr. G. C. Howes. They are just playing at keeping house for a few days to get relief from monotonous boarding the year round. Mr. Brickey is president of the Chamber of Commerce, Houston, Texas.

Last Friday quite a number of farmers marketed hogs here at 9 and 10 cents a pound, according to size and condition of the swine. This is a drop of about 50 per cent from the high figure reached in the hog market during the past six months. There has been no corresponding decline in the price of pork products however. Nobody is getting it.—Potosi Journal.

Birds are reported plentiful and the range is unlimited. The Belleview Valley is from one to two miles wide and the bird country extends about 15 miles west. Additional grounds can be secured five or six miles east of Iron Mountain, so that morning and afternoon events will not not have to be run over the same course."

If you want to know what rare and unusual enjoyment Camels provide smoke them in comparison with any cigarette in the world at any price!

AMELS are a cigarette revelation any way you consider them! Take quality, or refreshing flavor and fragrance; or, that wonderful mellow-mild-smoothness you never before got in a cigarette smokel Yet Camels are so full-bodied and so full-ofsatisfaction you marvel that so much delight could be put into a cigarette!

Camels expert blend of choice Turkish and choice Domestic tobaccos makes them so irresistibly appetizing! And, the blend explains why it is possible for you to smoke Camels liberally without tiring your tastel You will prefer Camels to either kind of tobacco smoked straight!

You'll realize pretty quick, too, that among the many reasons you smoke Camels is their freedom from any unpleasant cigaretty aftertaste or unpleasant cigaretty odor!

Once you know Camels you won't take much stock in premiums, coupons or gifts! You'll prefer Camel quality!
